Welcome

Since 1981 Bucas merged a great Irish equestrian tradition with the latest technical developments and experience from other industries, countries and markets. This has resulted in the development of a wide range of highly innovative and technically advanced products.

TERMS EXPLAINED

ANTIBACTERIAL The anti-bacterial lining helps to keep the rug fresh and in good condition.

WATERPROOF & BREATHABLE Waterproof and breathable coating on rug.

STAY-DRY Stay-dry fabric wicks away moisture from your horses skin.

DERMO-CARE Silky Dermo-care lining with wicking properties helps to dry the horse's coat after washing or exercise keeping the coat smooth and soft.

SILK-FEEL Silk-feel lining is smooth against your horse's skin and helps keep the coat in good condition.

SUN REFLECTIVE Sun reflective silver outer to keep your horse comfortable in hot weather.

LAYERING SYSTEM This rug can be used with other Bucas rugs as to double up the insulation with the combination of the rugs together.

PONY SIZES Available in smaller sizes to fit ponies.

HEAT REFLECTIVE Heat reflective rugs help to reflect the sun light, preventing the rug from absorbing the heat and heating up the horse

ANTI-INSECT Designed to repel insects.

ZEBRA EFFECT Zebra stripes proven to confuse and repel flies.

CLICK'N GO Click'n Go is a special patented closure only available from Bucas. Easy for a human to close and open but difficult for your horse to open!

SNAP-LOCK Snap-lock magnetic closure helps to keep your Bucas rug secure on your horse. It eliminates the use of Hook and Loop closures on the chest making it a more comfortable fit for your horse.

T-BAR T-bar front closures to help keep your Bucas rug secure on your horse.

REFLECTIVE STRIPS Reflective strip placed on the rug so that the animal can be seen when an artificial light is shone on it.

RIP STOP OUTER Ripstop is the pattern of the weave that makes the material less prone to tearing. This weave helps prevent any rips that do occur from spreading through the material.

BALLISTIC NYLON Ballistic Nylon means the pattern of the weave that makes the material less prone to tearing, it is a very tough fabric which is very durable and less resistant to tearing.

SHOULDER DARTS Shoulder Darts helps to give your horse a more tailored fit across the chest and shoulder area. These are a signature design feature from Bucas.

POLYESTER TWILL Polyester Twill is the type of weave available from Bucas. It is non waterproof and is usually used in stable products and saddle pads.

OXFORD FABRIC Oxford Fabric is the type of weave available from Bucas. It is non-waterproof and is usually used in stable products.

FILLET STRING Fillet string prevents our rug from flipping up your horses back while they relax in their field. It also helps to secure your rug on our horse.

BIG NECK Big Neck style is a great fit for stallions and breeds of horses that tend to be wider across the shoulders like Connemaras, Friesians, Andalusian and Draughts.

Bucas Therapy Turnout

Bucas Therapy Turnout

The Bucas **Therapy Turnout** combines the superb durability and comfort of Bucas Ballistic Nylon Turnouts with the therapeutic properties of the Stainless-Steel shield Recuptex fabric.

The Recuptex material is made from an extremely fine, stainless steel mesh so it reflects the magnetic fields created inside the body. This in turn stimulates blood circulation and oxygen flow in the horse's body and back, which heals and reduces both swelling and inflammation and promotes faster healing. It can be left on your horse for 24 hours, 7 days a week if necessary as it is NOT a magnetic rug, but it is advised to slowly increase and monitor the use of the Bucas Therapy rug when first used.

These therapeutic rugs are the ideal choice for helping horses including those with back problems or who are a little slow to warm up when riding. It also has been known to accelerate the recovery process of some aliments, and all of this in a natural environment. The Recuptex properties cannot be washed out.

The silky Dermo-care lining wicks away moisture and keeps the inside of the rug and the horse dry. This rug comes with the patented Click'n Go front with magnetic Snap-lock closure.

The optional Bucas Therapy Turnout Combi Neck offers additional protection as well as the therapeutic properties of the Therapy Turnouts.

Bucas Therapy Mesh Cooler

Bucas Therapy Range

The Bucas **Therapy** range helps to prevent numerous problems and also helps in the treatment of a vast array of ailments.

The Recuptex material is made from an extremely fine, stainless steel mesh so it reflects the natural magnetic field created inside the body. This in turn stimulates blood circulation and oxygen flow in the horse's body and back, which heals and reduces both swelling and inflammation and promotes faster healing. It can be left on your horse for 24 hours, 7 days a week if necessary as it is NOT a magnetic rug, but it is advised to slowly increase and monitor the use of the Recuptex Therapy rug when first used.

These therapeutic rugs are the ideal choice for helping horses including those with back problems or who are a little slow to warm up when riding. It also has been known to accelerate the recovery process of some aliments, and all of this in a natural environment. The Recuptex properties cannot be washed out.

Bucas Therapy Mesh Cooler rug is ideal for use during the warmer months of spring/summer/autumn. It comes with the same properties as the regular Bucas Therapy but with a lightweight mesh lower to help circulate the air around the horse's body during hot/humid days.

Available in classic cut, with combi neck sold separately in sizes 85 / 3'6 – 170 / 7'2.

Bucas Therapy Cooler Neck and Mesh Neck are also available to complete the full body effect of the Therapy. The recuptex material covers the mane and crest area of the horse, helping to increase the circulation to these areas. Silk-feel lining against the mane prevents rubs.

Buzz-Off Zebra Full Neck

Buzz-Off Zebra

The **Buzz-Off Zebra** range of fly and insect products are made from a specially developed lightweight fine mesh fabric with Zebra print.

Research has discovered that flies hate the Zebra stripes as they find them confusing and so steer clear of them! The flies get disoriented by the contrast of the black and white stripes so stay away when compared to solid colours.

The **Buzz-Off Full Neck Zebra** rug provides protection of the body and neck of the horse. The neck helps protect the mane from the flies and an elasticated brow band helps keep the neck piece in place as the horse grazes. The belly pad ensures that the rug is kept in place and protects the belly of the horse. And the large tail flap helps keep those flies away from the horses tail.

The **Buzz-Off Rain Zebra** combines the Zebra Full Neck fly sheet with a waterproof upper to protect your horse. The integrated neck and waterproof upper offers full body and neck protection from flies as well as letting the rain roll off your horse's back.

Features Include:
- Zebra stripe
- T-bar with Snap-lock front closure
- Full integrated neck
- Elasticated and detachable belly pad
- Shoulder darts
- Silk-feel lining on the shoulders
- Elasticated browband to help secure neck piece
- Tail flap

The **Buzz-Off Full Neck** rug provides protection for the horse's body and neck. The belly pad ensures that the rug is kept in place as well as protecting the belly from insects and flies. The Buzz-Off Rain with integrated full neck is perfect for changeable summer weather.

The upper part of the **Buzz-off Rain** is waterproof and breathable while the lower part is made of Buzz-off fly sheet fabric. Together you have a lightweight, UV protective and waterproof rug. The elasticated and detachable belly pad gives protection to the belly of the horse and helps to stabilise the rug in position.

The **Buzz-Off Classic** is ideal if there is no need for neck protection.

The **Buzz-Off Detchable Neck** is super versitile as the neck piece can be removed giving great flexibility. The rug comes with all the same features as is expected from the Buzz-Off range.

Features Include:
- Lightweight mesh
- T-bar with Snap-lock closure
- Silk-feel lining on shoulders
- Elasticated and detachable belly pad

Bucas Saddle Pads

The **Bucas Therapy Saddle Pad** features the Recuptex Material which helps to warm up the muscles quicker and promotes the circulation of blood in the muscles.

This therapy also helps the horse cool down slower preventing any build-up of lactic acid which can be a factor for some horses.

The pad features a new waffle lining which will absorb the horse's sweat, while not interfering with the Recuptex material. Available in the Bucas Therapy colours of Navy and Orange, in Dressage and All-purpose/Jump cut, with hook and loop attachment points and girth loops to keep the pad in place under the saddle and a high whithers/shaped back makes it a comfortable fit.

The Bucas **Max Saddle Pads** are layered with our Anti-Bacterial Stay-dry fabric. This layer helps remove sweat and moisture from the horses back, ensuring that it is always a comfortable fit. The anti-bacterial lining helps to keep the saddle pad fresh.

These saddle pads are available in black with silver piping, navy with silver piping, navy with gold piping or white with white piping and in Dressage and Jumping/All purpose styles.

- Quilted with High-density wadding.
- Stay-dry lining wicks moisture away
- Anti-bacterial coating to help prevent the spreading of skin irritants.
- Features hook and loop straps.
- One size to fit 17" – 18" saddles.

The **Freedom Saddle Pad** available in the Freedom SS 2020 colours of Hot Pink and Classic Green, Blue Camouflage and Navy all with silver pipping.

The saddle pads feature our new Waffle lining against the horse's skin, the pores of the lining help remove the sweat from your horse's skin and helps keep the pad in place while you exercise your horse.

A shaped back and scooped design helps make this saddle pad stand out in the crowd and hook and loop adjustment straps provide a tailored fit to any saddle. Available in All Purpose/ Jump and Dressage styles.

Travel Boots

2000 Boots

The Bucas 2000 Boots are made of tough outer nylon fabric and a Stay-dry inner lining. Cushioned padding so they will fully contour to the horse's leg.

Four straps on the front boot and five on the rear boot. Elasticated top strap on hind boot for secure fit.

The unique front boots close differently to normal traditional travel boots. The straps fasten forward, this means the boots close across the tendons leaving the back of the knee open, for ease of movement but covering the front of the knee to protect the joint from any bangs or injury while travelling.

The Stay-dry lining helps to dry wet legs faster so by the time you finish your journey home and remove the travel boots your horse's legs will be dry and comfortable! Available in Full and Cob in Black and Navy.

Product Code • 701 2000 Boots

3/4 Boots

The Bucas 3/4 Boots are made of tough outer fabric and a Stay-dry inner lining, with cushioned padding to fully contour to the horse's legs. They are shorter than the 2000 boots and have three straps on the front and back boots and are great for horses who do not like the normal long travel boots.

Available in Full and Cob sizes in Black and Navy.

Product Code • 703 3/4 Boots

Tail Protector and Bag

The Bucas Tail Protector offers great protection for the horse's tail with a padded wrap around the dock, with elasticated secure fastening around the tail. Added security of a Hook and Loop feature so you can attach the Tail Protector to your Bucas Coolers to prevent them from slipping. It also has a waterproof integrated tail bag to help keep your horse's tail clean while travelling. Available in one size only and in Black and Navy.

Halters & Leads

Dublin Halters

The legendary Bucas Dublin halters are designed to provide great comfort. This is provided by the soft, yet strong “silk-feel” webbing and the padded nose and head bands. A special, shaped ring makes it easier to open and close the halter with the snap hook and prevents the hook rubbing against the horse. The snap hook is of a design that is not affected by snow, ice and low temperatures. There is also an adjustable head piece with a prong buckle.

The Dublin Foal Halter offers additional adjustability in order to cater for growing foals. There are three adjustable buckles. Available in Foal to Xfull and in an assortment of colours.

Bucas Helpful Tips

How to **measure** your horse!

To provide your horse with the optimal fit, comfort and protection that it deserves, it is important to select the most appropriate rug for your horse.

When choosing a Bucas Rug, you must consider two factors:
- The measurement of the horse in relation to the size of rug that it needs
- The temperature range for which the rug you choose is most suited

The following instructions outline a step-by-step approach to measuring your horse for a Bucas rug to provide an optimal fit, comfort and ease of movement.

Bucas recommends that the horse be measured from (A) the centre point of the chest, over the high point of the shoulder, and then to (B) the rear of the hind leg. When you have the measurement, choose the nearest size from the table below, or email: **admin@bucas.com** and we can post a Bucas measure tape to you.

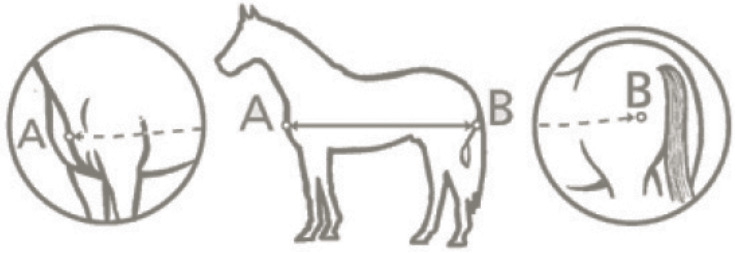

Table of Measurements

Tips for Washing your Bucas Rug

- Before placing your Bucas rug into the washing machine, close all hook and loop straps as the rug can stick to it and any dirt that is in the machine will stick to it.
- Clip up any surcingles so that they are not left flapping around in the machine.
- If washing your Bucas cooler make sure to brush off any additional bedding or dirt off the rug, this will help the rug come out even cleaner!
- Don't wash your Bucas products over 30°C as this may effect the performance of your Bucas product!
- Make sure to use the Bucas Rug Wash for washing all your Bucas products.
- It's always advisable to reproof your waterproof rugs after washing. Keep your waterproof product functioning correctly by using Bucas Rug Conditioner after washing.
- If you have any small nicks or tears to your Bucas rug, we recommend using our Bucas repair kit. This kit will provide you with the necessary aids to repair these small tears.

HOW TO EXTEND YOUR BUCAS WARRANTY

- Bucas offers a 2 year warranty against any manufacturing or material faults but you can extend it to 3 years on our Power and Smartex range of rugs.
- All you need is your proof of purchase, like your receipt and the details from the label on the rug.
- Your rug **must** be registered within 30 days of purchase.
- Warranty does not included normal wear and tear and accidental damage.
- Limitations apply.
